

Introducing

NESTING MEADOWS III

* * *

All the perks of CONDO LIVING with the freedom of INDIVIDUAL OWNERSHIP!

Nesting Meadows III, a unique pond community in North Appleton, was designed with a lifestyle in mind. Here, you will find a place where neighbors are able to reap the benefits of condo living on a beautiful pond (complete with three lusciously landscaped and lit islands) while still having the freedom and individuality of personal ownership and architectural design.

At Nesting Meadows III, you personally own your lot and your home but get to enjoy lawn care, snow removal and buffer and island landscape maintenance through your own Homeowners' Association. And, the protective covenants in place at Nesting Meadows III are designed to appeal to new neighbors and creative builders alike while fiercely guarding the integrity of the community.

So, when you are ready to hang up the rake but not your personal space, it might be time to call Nesting Meadows III home.
